

What is claimed is:

1. A grave site cover comprising:

a rigid sectional schedule 40 plastic tube grave cover frame, schedule 40 joint fittings and couplings, a rigid sectional schedule 40 plastic tube head marker frame, an artificial turf covering with a transparent identification insert for the head marker, means for attaching a turf cover to a grave cover frame, and anchor stake means for securing the grave cover over the grave site.

2. A grave site cover as defined in claim 1, wherein said schedule 40 tube grave cover frame is adaptable and adjustable in order to accommodate any size grave site cover.

3. A grave site cover as defined in claim 1, wherein said schedule 40 tube head marker is adaptable and adjustable in order to accommodate any size grave site cover.

4. A grave site cover as defined in claim 1, wherein said artificial turf covering is custom fitted and fabricated to accommodate any size grave site cover.

5. A grave site cover as defined in claim 4, wherein said custom artificial turf covering is fabricated with a transparent identification insert in the head marker.

6. A grave site cover as defined in claim 1, wherein means for attaching an artificial turf

cover to schedule 40 tube grave cover frame and a schedule 40 tube head marker frame, said means being self-taping stainless steel flange-head screws.

7. A grave site cover as defined in claim 1, wherein means for securing a grave site cover securely to the ground, said means being a polarity of schedule 40 anchor stakes attached to the underside of a grave site cover frame and inserted into a polarity of joint fittings that extend downward from the grave site cover frame.
